Abstract

Describe the contents of the thesis here. Present briefly the starting point and motivation of the work, and which goals the work pursues. Identify the (research) gap. Then describe the methods used and the results achieved or contributions made.

Foreword

You can optionally add a foreword to your thesis.

A. Appendix Chapter 9
A.1. foo 9
A.2. bar 9

B. Second Appendix Chapter 11

1. Introduction

This document serves as a template for your thesis. At the same time, it contains important information that will help you to make it easier for you to write your thesis.

Provide a general introduction to the topic of your thesis here.

1.1. Objectives

Describe the objectives of your work here

1.2. Overview

Chapter ?? contains information on how you should should prepare the content of your thesis. In Chapter ?? you can find a short introduction to the packages you may need for this work. Chapter 2 completes the document.

Describe here how you will proceed in the following chapters proceed to achieve the objectives defined above.

2. Conclusion and Outlook

In the conclusion, you summarize your most important findings and contribution. It is generally a good idea to keep this short, e.g., 1 page for conclusions and 1-2 pages for an outlook ("What should be done next?"). But make sure to check these recommendations with your supervisor.

List of Figures

List of Tables

A. Appendix Chapter

If you want to include information in your paper that is only marginally relevant to the understanding of your work, create an appendix for this purpose.

A.1. foo

A.2. bar

B. Second Appendix Chapter
